Experience

Frontend Developer – ALDI DX (2023 – Present)

Vue, Nuxt, Pinia, Vite, Vitest, SSR, TypeScript

- Helped shape the frontend architecture of a Nuxt-based e-commerce platform, focusing on performance, accessibility, i18n, and SEO
- Improved Core Web Vitals by fine-tuning hydration and addressing rendering bottlenecks
- Introduced structured knowledge-sharing and learning practices to improve team growth and onboarding
- Defined and analyzed sprint reports, and contributed to performance evaluation processes
- Led hiring interviews and refined agile workflows to improve team efficiency

Software Engineer – UDEMEX (2019 – 2023)

Laravel, Vue, Angular, Tailwind, Docker, Jenkins

- Led a team of 3 developers, mentoring and reviewing code
- Built CI/CD pipelines, cutting deployment time by 40%
- Delivered full-stack features and contributed to software design
- Onboarded colleagues and coordinated with clients on technical goals

Junior Web Developer – UDEMEX (2018 – 2019)

PHP, JavaScript, JQuery, Bootstrap, SQL, Git, Linux

- Developed features for a CRM system across frontend and backend
- Refactored legacy code and improved data handling for performance

Education

University of Szeged

BSc in Computer Science (2015 – 2019) - Faculty of Science and Informatics
